Introduction

I'm currently finishing my masters in Film at MassArt. In Provincetown until December seeking to work in the food & beverage industry. I have had 7 years client interface from different countries like Albania, Bulgaria, Luxembourg and America (five seasons). Last summer I worked in Provincetown, so I'm aware of the clientele that comes here. Because of my rich working experience my supervisors are always impressed by my *cultural interactivity, professionalism and work ethics!*
